

Why Choose Malaysia Healthcare?

Treatment advantage: Malaysia healthcare is specialized in all medical disciplines and performs some of the most difficult treatments in the world. The medical practices followed in Malaysia are at par with the best in the world, incorporating sophistication as well as international expertise. The medical team consists of specialists who have been trained in outstanding medical institutions around the world while the visiting faculty comprises of distinguished specialists belonging to world famous medical centres. The treatments are carried out in state of the art facilities that have been furnished to meet international standards. The high quality in treatments is thus maintained at the technology as well as professional levels.

Value for your money: In the current scenario of international medicine, where the cost of medical treatment is skyrocketing in the U.S. and Europe, Malaysia's healthcare service comes as a relief to patients all over the world. With highly specialized hospitals and medical faculties trained in some of the most esteemed medical institutions in the world, Malaysia confidently claims of a medical care that supersedes in quality and affordability. Common cosmetic surgeries such as the rhinoplasty and tummy tuck, costs the patient around 5000-6000\$(USD) in the U.S., while in Malaysia the same would come up to only 600-1400\$(USD). The disparity is proof of the cost-effective nature of Malaysian procedures. This leaves scope for incorporating a vacation along with the treatment for the holiday seekers. And what's more you still spend only lesser than what you would have, in order to undergo the medical treatment alone in the U.S. or U. K.

Hospitality: The facilities are complemented by equally proficient nursing faculties offering round the clock service to the patients. Hospitality and service being the keywords of our practice, a comfortable stay in fully equipped and luxurious rooms is assured. The biggest advantage is perhaps the fact that the faculties of the hospitals are English speaking, facilitating proper communication and interaction. Also the medical staffs hail from various parts of the world, hence erasing any alien feeling for the foreign patient, who has opportunity to relate with an identical nationality.

Confidentiality: The patient is assured of complete privacy as we ensure to maintain and conduct the details of all our procedures including information transfer under strict confidentiality, preventing unwarranted attention from any source.

Holiday advantage: Malaysia is a beautiful country, enriched with sun lit beaches, hill stations, evergreen forests and spectacular architectural sites, offering you multiple holiday possibilities. Malaysia healthcare offers you the opportunity to take advantage of a vacation along with your treatment either through the various tailor made packages on offer or by helping you to build your own personalized holiday cum treatment package utilizing our online services. The packages are available at attractive prices, and are a true steal from the economic point of view, considering the money as well as time saved on choosing Malaysia for your treatment.

Service advantage: Malaysia healthcare serves you at every point of your journey; from the point where you access our healthcare services online till your departure from Malaysia. Our simple format helps you to plan your treatment in Malaysia with ease.
